ZOOM

Zoom is the “online platform” that most people have become familiar with during the pandemic. Zoom is interactive, allowing people to speak back and forth with one another, sing and interact in any way they like. It may be accessed from your computer or smart phone.

There are two ways to connect via Zoom

1. If you plan to join us by computer:

Please make sure you're using a computer with a camera and microphone. **Visit [Zoom.us](https://zoom.us) and create a profile.** If you do NOT have a computer or a microphone with your computer, you can call in: +1 929 205 6099, in NY.

2. If you plan to join us by smart phone:

Download the Zoom App on your phone through the Apple Store or Google Play. Once you've installed the app you will have to create a profile.

For both options above, use the following Zoom meeting ID and password, and the Zoom meeting will open automatically on your device.
